

Serial No.: 10/661,576
Atty. Docket No.: P69053US0

IN THE SPECIFICATION:

On page 19, before line 1, insert the following new paragraph:

--Further scope of applicability of the present invention will become apparent from the detailed description given hereinafter. However, it should be understood that the detailed description and specific examples, while indicating preferred embodiments of the invention, are given by way of illustration only, since various changes and modifications within the spirit and scope of the invention will become apparent to those skilled in the art from this detailed description.--.

On page 26, please amend the fourth paragraph as follows:

--The top permeable section 23 is formed incorporating top well 6 of said well 5 filled up with such a permeable material as ~~crashed~~ crushed stone of adequate grain size.--

On page 26, please amend the sixth paragraph as follows:

--And the deep permeable section 25 is formed incorporating bottom well 8 filled up with such a permeable material as ~~crashed~~ crushed stone of adequate grain size.--

Serial No.: 10/661,576
Atty. Docket No.: P69053US0

On page 30, please amend the second paragraph beginning on line 8, as follows:

--While tap-water made to flow out of the open supply water ~~valve~~ 32 valve 30 flows into regulating tube 28 which is coupled to the top end of main water pipe 10, the draining end of reverse flow main pipe 14 is placed on a side ditch.--

On page 31, please amend the second full paragraph, beginning on line 5, as follows:

--These countless tiny air bubbles bubble or separate ~~dissolves~~ out of said tap-water by making the micro-particles of said mineral powder as cores for ~~dissolving bubbling or separating~~ out of said tap-water. Otherwise, where there would be no such cores like ~~micro-particle~~ the micro-particles of said mineral powder, air bubbles could not bubble or separate ~~dissolve~~ out of said tap-water even though ~~it would be such tap-water is~~ overly saturated with the air ~~solved dissolved~~ into it.--

On page 36, after the last line, please insert the following paragraph:

--The invention being thus described, it will be apparent that the same may be varied in many ways. Such variations are not

Serial No.: 10/661,576
Atty. Docket No.: P69053US0

to be regarded as a departure from the spirit and scope of the invention, and all such modifications as would be recognized by one skilled in the art are intended to be included within the scope of the following claims.--.
